

AFIRE™

LEADER TIP #5

BAKE COOKIES

Local recovery centers are safe places for people who are in or seeking recovery. They provide support, community, activities, workshops and more. They frequently offer meals on holidays for those who do not have family, and they would surely appreciate your homemade cookies!

Here's what you can do:

- **CONTACT** your local recovery center. You can easily find it by an Internet search (or email us and we will help).
- **INQUIRE** about their interest in receiving the baked donations and how many people their center serves.
- **ARRANGE** a date to bake and a drop-off date.
- **BAKE** — Turn up the Christmas music and enjoy time with your AFIRE community!
- **DELIVER** your baked goods to the recovery center. It's a nice idea to **INCLUDE** Christmas cards, prayer cards, and other notes of faith, hope, and love.

Remember, we are here to answer any questions! Just email us at:
